

CONSPIRACY FOR greatness

**A TWO DAY, STEP-BY-STEP COACHING AND GUIDANCE
FOR A PEACEFUL, EFFECTIVE AND FULFILLING LIFESTYLE**

This program challenges the deeply-ingrained internal images and beliefs about yourself, others and how the world works, so that you can dissolve the limiting thoughts and barriers. The “Conspiracy for Greatness” course shows us just how powerful we are and how we can overcome limits we place on ourselves, our lives and our future.

In this powerful two-day course, we will examine many different areas of our lives – most importantly, those areas where we have negatively impacted ourselves with our own “conspiracy for smallness”.

You’ll tackle important questions, the answers to which will help you break the bonds of the limiting thoughts and actions that affect you both personally and professionally, such as:

- How are you getting in your own way and preventing yourself from becoming who you really are?
- How do you allow your opinion to cloud your relationships?
- In what ways do you judge others — as well as judge yourself?
- How are you turning off the people around you?
- Are you moving through life, because you feel like you “have to,” or because you “love to”?
- Do you have an inspired vision for your life or is dragging your past behind you slowing you down?
